

Broken Blade` (Colbana Files) (Volume 3)

Kit Colbana: assassin, thief, investigator extraordinaire. Now broken. She always expected her past to catch up with her but never like this. Haunted by nightmares and stripped of her identity, she retreated to Wolf Haven, the no-mans land where she found refuge years before. But while she might want to hide away from the rest of the world, the rest of the world isn't taking the hint. Dragged kicking and screaming back into life, Kit is thrust head-first into an investigation surrounding the theft of an ancient relicone that she wants nothing to do with. Her instincts tell her it's a bad idea to just leave the relic lying about, but finding it might be just as bad. Forced to face her nightmares, she uncovers hidden strength and comes face to face with one of the worlds original monsters. If she survives the job, she won't be the same and neither will those closest to her.
