

Fever (A Sergeant Studer Mystery)

Praise for Friedrich Glauser's other Sergeant Studer novels: Thumbprint is a fine example of the craft of detective writing in a period which fans will regard as the golden age of crime fiction. The Sunday Telegraph In Mattos Realm is both a compelling mystery and an illuminating, finely wrought mainstream novel. Publishers Weekly A despairing plot about the reality of madness and life, leavened with strong doses of bittersweet irony. The idiosyncratic investigation of In Mattos Realm and its laconic detective have not aged one iota. Guardian With good reason, the German-language prize for detective fiction is named after Glauser... He has Simenon's ability to turn a stereotype into a person, and the moral complexity to appeal to justice over the head of police procedure. The Times Literary Supplement When two women are accidentally killed by gas leaks, Sergeant Studer investigates the thinly disguised double murder in Bern and Basel. The trail leads to a geologist dead from a tropical fever in a Moroccan Foreign Legion post and a murky oil deal involving rapacious politicians and their henchmen. With the help of a hashish-induced dream and the common sense of his stay-at-home wife, Studer solves the multiple riddles on offer. But assigning guilt remains an elusive affair. The third in the Sergeant Studer series.

Review. Fever is a deviously plotted procedural.
