

## Ourika: An English Translation (MLA Texts and Translations)

John Fowles presents a remarkable translation of a nineteenth-century work that provided the seed for his acclaimed novel *The French Lieutenant's Woman* and that will astonish and haunt modern readers. Based on a true story, *Claire de Duras Ourika* relates the experiences of a Senegalese girl who is rescued from slavery and raised by an aristocratic French family during the time of the French Revolution. Brought up in a household of learning and privilege, she is unaware of her difference until she overhears a conversation that suddenly makes her conscious of her race--and of the prejudice it arouses. From this point on, *Ourika* lives her life not as a French woman but as a black woman who feels cut off from the entire human race. As the Reign of Terror threatens her and her adoptive family, *Ourika* struggles with her unusual position as an educated African woman in eighteenth-century Europe. A best-seller in the 1820s, *Ourika* captured the attention of Duras peers, including Stendhal, and became the subject of four contemporary plays. The work represents a number of firsts: the first novel set in Europe to have a black heroine; the first French literary work narrated by a black female protagonist; and, as Fowles points out in the foreword to his translation, the first serious attempt by a white novelist to enter a black mind.
