

Saint-Exupery: A Biography

A fascinating account of the life of one of the century's great eccentrics - the brilliant Antoine de Saint-Exupéry. Born in 1900 of impoverished aristocracy, he swiftly developed a mania for aviation, despite his chaotic mind and total technological incompetence. He flew reconnaissance missions in the War and wrote some strange and wonderful books, including the classic children's story THE LITTLE PRINCE, between which a theatrically executed airplane crashed. He died in the air in 1944, and his brief life instantly acquired mythical status. Every facet of Saint-Exupéry's short and dramatic life is covered in this fascinating biography. This is Stacy Schiff's first book, but she writes with all the skill, assurance and mastery of an old literary hand. If there was such a thing as a prize for a first biography, I would nominate this book. Frank McLynn, SUNDAY TELEGRAPH.

Antoine de Saint-Exupéry was born into a family of old provincial nobility. Failing his final exams at a preparatory school, he entered the Ecole des This period of his life is briefly portrayed in the IMAX film Wings of Historical marker on the home where Saint-Exupéry lived in Antoine Marie Jean-Baptiste Roger, comte de Saint-Exupéry was a French writer, poet, ..
