

A Sticky Situation (A Sugar Grove Mystery)

The author of *Maple Mayhem* returns to Sugar Grove, New Hampshire, where the Greene family including Danis irksome Aunt Hazel are busy preparing for the annual Maple Festival. But nothing kills the festive spirit like murder. Aunt Hazel isn't exactly sweet, but she's not the only one putting syrup maker Dani in a sour mood. Her family is trying to help renovate the town's Opera House, but their contractor Russ Collins seems to specialize in finely crafted excuses. And his latest one is a killer. In the Opera House basement, Russ uncovers the remains of Spooner Duffy, a charming drifter thought to have skipped town decades ago with a hefty sum of the town's money. Tapping into some unpleasant memories, Spooner's bones also threaten to reveal a murderer's secret, and now it's up to Dani to catch a killer before the town is stuck with a deadly reputation.
