

Voyage to the North Star

The author of this book (Nichols) discovers entire worlds on board a posh yacht lost in the Arctic, the fiercest of seas. And in the plutocrat, Carl Schenck, he has given us a character to stand with Captain Bligh. Nichols is marvelous at describing the feelings of awe and loneliness that the sea inspires. In his understated telling of the story, he never seeks your sympathy, he just breaks your heart. A breathtaking and harrowing sea tale. Worthy of a place among the best survival books.
